Hello all Tele Class friends:

### **Aavaan Ardavisur Baanu Yazata**

Aavaan Ardavisur Baanu Yazata is regarded as one of the most important Yazata in our religion responsible for the Ahura Mazda's very important creation, The Waters!  
In her honor, we have one of the five Nyaayeshes, most of which is taken from the Yasna Ha 65.

In addition, we have also a very large Yasht, Aavaan Yasht, in her honor with a very interesting historical references  
of our Religious Stalwarts of ancient times who prayed to her to get some boons.

During the 8th month of Aavaan of our Religious Calendar, many Humdins pray this Yasht every day.

It is believed that a Humdin woman desirous of a child if prays this Yasht is rewarded with her wish.

In Aavaan Ardavisur Nyaayesh, there is a special Ha, Aaa Haataamcha Haa, which we will present today with its first 3 verses.

It is taken from the Yasna Ha 65 Verses 6 – 8.

It gives a detailed summary of the importance of the waters and an explicit denunciation of these waters to evil people in details.

In current days of the water shortage all over the world, this Haa gives a very good explanation of the waters importance and the fervent wish that it is not available to evil people.

It also points to the conservation of this very important creation and gift of Ahura Mazda to the mankind and thus commands us to preserve it as best as we can.

This was written over 1000 years ago and is still valid in today's environment.

So here is the first 3 verses of the Aaa Haataamch Ha from Yasna 65 Verses 6 – 8 as well as from Aavaan Ardavisur Nyaayesh:
